KIMBERBELL®

Events!

Pack your party essentials in this all-American denim bag, perfect for picnics, sporting events, or summer fun catch all. The embroidery design features three old-fashioned soda bottles made from vinyl and filled with applique blossoms of fabric and shiny mylar, plus a bright pinwheel and flag pick. It's a celebration of red, white and blue with KimberBell and you!
See page 7 for more information.

We were thinking outside the teapot with this amazing embroidered card! Stitched separately on layers of tulle and mylar, a lacy heart becomes the largest of the redwork balloons. A pretty Valentine bow appears to keep the balloons from floating right off the paper. Plus, you'll stitch two additional little hearts to include in your card! **See page 7 for more information.**

Hello, I have been at Kramer's for nearly 18 years. I started as customer who has always enjoyed sewing, machine embroidery and now crafting with the **Brother** Scan-N-Cut. While working at Kramer's, I can stay connected to the advancements in the home sewing and embroidery industry and share that knowledge and joy with others. The power to create one-of-kind keepsakes is priceless! It also allows me to hang out with crafters who "collect" as much fabric as I do without guilt. Happy Spring and Happy Sewing.
