

Special Floriani Event with Trevor Conquergood!

Trevor Conquergood of Saskatoon, Canada is considered one of the True Embroidery Masters of our time.

Just like Walter Floriani Jr., Trevor was born the son of an Embroidery Master, and his father and family lived embroidery. Forging his own path, Trevor has learned and taught almost every brand of embroidery software. Even software companies invite Trevor to Europe or Asia to teach educators on maximizing their program's functionality to get the most of their features and benefits.

Join Trevor and Floriani as they teach Embroidery software and the basics of stabilizers and thread. Both novices and master will learn new, exciting ways to elevate your embroidery and sewing!
